Conservation Policy	<p>Sallal actively pursues water conservation in a variety of ways: through ongoing distribution system leak reduction efforts, customer conservation education, installation of replacement water mains, and now with a new Water Conservation Policy, available on our website here: https://sallal.com/wp-content/uploads/2023/10/Water-Conservation-Policy.pdf</p> <p>The intent of the new Water Conservation Policy is conservation education and awareness, and it serves as a practice that benefits not only Sallal members, but the Snoqualmie Valley as a whole. The Policy is part of Sallal’s ongoing commitment to be good stewards of the environment, conserve a limited natural resource and protect the Snoqualmie River.</p>
New Board Member	<p>Please welcome Don Wise to the Sallal Board. Don has taken the place of Joyce Hibma, who has resigned. Joyce was also Sallal’s Treasurer and she contributed countless hours and made invaluable contributions toward leaving Sallal in a better position than when she joined the Board. Don joins Sallal with a background in civil engineering and business management. Don has been elected to serve as Sallal’s Treasurer.</p>
Staff Update	<p>We are pleased to announce the promotion of Kristina Parker, from Director of Finance and Administration to General Manager. We appreciate Kristina’s leadership and dedication to Sallal. Congratulations!</p>
Member Education	<p>As we are fully embracing fall and looking towards winter, please help our staff work safely and efficiently by keeping your meter boxes/areas clear of debris.</p> <ul style="list-style-type: none"> • Cover/insulate your outside spigots. • Wrap pipes that are exposed to outside are with pipe foam or heat tape (check with your local hardware store). • Whenever the outside temperature drops below 32F, leave an internal faucet dripping (slowly). • If you have an irrigation system, call your service company to have them winterize your system.
